

Brief Gustav Lilienthals an Anna Rothe
Original in Familienbesitz, Digitalisat nach Abschrift

L1607/85

Leipzig 19th Sept. 88.

Dear Anny.

Sold till now for 375 Mark. Goodwill be send to Eibenstock, Torgau, Aschersleben, Fürth, Neu-Strelitz, Marienwerder, Stendal, Borntrode. Many boxes sold direct. Fell much better today, have been talking in all styles. The "Schwiegermamama" made the best effect. Here you can get a box to make a cottage and all the furniture to get married at once. A whole theater for ten marks but you must get the players yourself. Matthes was at my place today and told me that the first collection had been sold and that he would go in her it with vigonz. Got your cards and am very pleased with your businesslike assistance. Perry + Cp. is all right. Mrs. Habisch makes her affairs well enough. I hope to return at Wednesday. The weather is splendid. The old mill makes 100 revolutions per minute, this entitles me to the style of the „Mühlendam“ . Never mind, we must the people take as they are, nevertheless I make the people to estimate my invention. Tomorrow will be the best day. Hope soon to hear from my darling again.

Your

G.
