Dear Anny.

Our total is now 480 Mrk. I call this very little but never mind. The costumers are all new. I expect to sell all the boxes I got with me. Of Nr. II I have only 3 of Nr. III only 1 of Nr. IV also only 1 left. Got your little card about Söhlke. You did not tell me that the box had been send to Stuttgart. Today it was rather dull. New places are Weimar, Wurzen, Dresden, Grabow (Mecklenburg), Nürnberg, Meiningen. If you had some time to spare I would ask you to make some more cottages Nr. II as a lot are necessary for all the orders. Many of the orders have only to be send end of October so there is no difficulty about getting ready. There is very little time between closing the shop and the posting so I cannot write a long letter as would like to do.

Yours Gustav
